Hosting Appeal

Dear Visitor. The Tap has become increasingly busy and we can't stay online without your help. We need a hosting account upgrade to help cope with the increased activity and keep this free blog online. In this age of great change The Tap is a valuable independent resource where we can come together and share information the controlling parasites would rather we didn't have. Please help if you can and donate a small amount towards the hosting costs. Your donation will make a huge difference. Thank you in advance. **Click here to donate**

Somebody just Outed Almost all Famous Couples and it wasn't me

Angeline Smith at Healthtrition.com cleverly outed almost all famous couples on January 8—yes, that was 1/8, aces and eights—under the title "LGBT couples you didn't know about". I got to that page via an ad at Gateway Pundit, if you are wondering. I have saved it if they memoryhole it. The first thirteen are couples you DID know about, like Elton John and his guy and Tom Ford and his guy. But suddenly, with couple 14, we get a seemingly mixed gender couple, and any normal person will go, "What just happened?" We start getting couples like Pat Sajak and his female wife. But if you continue on, you realize there has been no switch, since these are still LGBT couples, they just aren't same-sex couples. No, Smith isn't telling you one of them is a tranny in each case, she is telling you one of them is gay, and probably both. That becomes clear pretty quickly if you know anything about this, because most of them are fairly obvious. They include Richard Gere and his wife, for instance—no surprise there—and Cindy Crawford and her husband. Also Henry Winkler, Enrique Iglesias, Freddie Prinze, Tina Fey, Justin Timberlake, Hugh Jackman, Jeff Goldblum, the Obamas, Travis Kelce and Taylor Swift, Ryan Seacrest, Julia Louis-Dreyfus, Broderick and Parker, Will and Jada, Kelly Ripa, and Bill Gates. Few of you will be shocked by any of that. Or at least I'm not.

But I am pretty sure there are some there that will surprise you. A few even turned my head. I can't confirm all of these, of course, but my gut tells me we are looking at an accurate, though incomplete, list.

And the beauty of it is that Smith can deny it if it comes down it. She will just say it was a mix-up: one list got pasted on top of another by accident.

Why does it matter? Why I am I linking to it? Isn't this just celebrity gossip? No, it is important because it plays into the sexual dysphoria/Hollywood theme I have hit many times, including Men-arePigs. These are the most famous couples in the world, so you are getting a very skewed—and FALSE

—idea of what a heterosexual couple looks like and acts like. You are also getting a false impression of what is really going on in Hollywood and the entertainment industry in general. You are sold the idea these people are like you—just prettier, richer, and more talented—but they aren't like you at all. If you are a straight Gentile, they aren't like you in any way: they are a different sort of human altogether. They are all from top Phoenician families, and these families not only have far more money from birth than you could imagine, they play by a different set of rules. To start with, the truth means absolutely nothing to them, as we have discovered over the past two decades. Oh, if this were the only lie they were telling! But it isn't: they lie all the time about everything, from history to science to art to politics to religion. For them the Commandments are just a joke they came up with to keep you disempowered. While you are holding yourself back with laws and mores, they are racing ahead, doing whatever they wish. That's they way they see it.

Since there is no longer any stigma to being gay and these people can do whatever they wish, why wouldn't they just be gay? Why pretend to be straight? Because it is still part of the power play they use over you. In their years of domination, they discovered long ago honesty doesn't pay. Just being who they are doesn't work, because they are nasty people. If you understood who they really are, you wouldn't idolize them and read about them and give them your money. You would avoid them as the plague. So they have to pretend to be these fascinating people, and part of that fascination is these pretty power couples. Straight people, who make up most of the audience in the world, have no fascination for gay couples. Even if you have no problem with gay couples, you still don't buy magazines to read about them or go to movies to see them kiss. That's just the way it is. If you are straight, you are fascinated by glamorous straight couples. You will say you are straight, but you aren't fascinated by glamorous straight couples. Yes, but if you are saying that you are probably male. That part of Hollywood is mostly aimed at straight females, who mostly are fascinated by that. That is the largest demographic. So they have to take that into account. That is what these pretend straight couples are about. It is playing to the known audience. All those women won't buy their copies of People magazine to read about the sexiest man alive if they know he is gay. So he has to pretend he isn't.

Obviously, having all these women drooling over pretty gay men is disorienting and counterproductive. And it is meant to be, since Hollywood and the governors discovered that bonus long ago as well. These fake couples help to explode the heterosexual relationship, one of the top goals of Operation Chaos from the beginning. How do they do that? One, by setting up unrealistic expectation, like with porn. Two, by a sort of copycat trick: we see these fancy couples squabbling and breaking up over nothing, so we think that is how it is done. Think Depp and Heard, as the most recent example, or Pitt and Jolie. Hollywood has been using that trick since the very beginning, since just about every movie ever made includes heterosexual couples squabbling over nothing and making it look very glamorous. Who wouldn't want to be part of that fun?

But, you will say, aren't some of these included just to mess with us, or with those pictured? Again, I have no way of knowing, but my guess is no. You will say Smith just wants us to think everyone is gay, which is also disorienting, but this isn't everyone. This is just a bunch of famous Hollywood couples, with a few external to Hollywood thrown in. Some of these I hadn't thought of, but none of them shock me. My reaction to most is, "Oh, OK, of course, that explains a lot." There are only a couple I even doubt. But it almost doesn't matter for my purposes, since I think that—for me and my readers—what this list is mostly, is RE-ORIENTING. It is a bucket of cold water in the face and forceful push back to truth and reality, after a lifetime away from it. It is a reminder to ignore all these folks as the gruesome trolls they really are and to get on with our lives.

That's why I have also shown you pictures of them aging: you get to see who they always were, since the magic of youth fades and all that is left is their unadorned spirits. It is awful to behold, and even more awful because that is what they always looked like inside, you just couldn't see it. You were fooled. You were fooled by your naivete and your hope and your attraction to the physical beauty of youth, but mostly you were fooled by their lies and cons. By make-up and wigs and dental work and camera angles and editing and stupid scripts of errant nonsense that wouldn't fool anyone over 15. Except that you were 15, and they have done their best to keep you with the discernment and judgment of a 15-year-old permanently.

PKinPanama says:

Go back far enough, unwinding Big Lies, and you discover that the Kingdom of God, with Jesus the Christ as the King, has been 'in earth as it is in Heaven' since His resurrection and with full power since the events of the Book of Acts, Chapter 2. 🙂
